

MY911 SEARCH AND RESCUE

FOR MY911 MEMBERS, UP TO US\$100,000 TO HELP SAVE YOUR LIFE OR PAY FOR SEARCH AND RESCUE COSTS

This very special MY911 Member Benefit is available to fund additional Search and Rescue efforts (including private aircraft/helicopter charter, private search teams etc.) that may be necessary to aid in your rescue or to pay the costs of official search and rescue charges for which you may be held responsible. Do not assume that the official emergency services will necessarily have all the personnel and equipment available at that critical time when you need help fast and in some countries, there may not be official help available at all. If you are legally resident in the USA, Canada or Latin America, the benefit and service is available in any country you visit. This is **FREE** for the first year for all **Gold Package** users, otherwise the cost is just

US\$9.95 a YEAR

for US, Canadian and Latin American residents and must be selected at the time of My911 registration only; otherwise the full price of US\$150 will be payable.

Membership is also available to residents of other countries but prices vary. Please see the SAR family and corporate membership pages below.

How is this valuable Membership Service available at such a low price? Quite simply, My911 underwriters in the London market recognize that those people who purchase My911 Services, care

about safety and are unlikely to take unacceptable risks that may result in tragedy.

Multiple SAR registrations

If you require multiple registrations of SAR, for example, to cover a family or to extend the benefit to multiple employees, please call for additional information

Accidents do happen, though, to even the most prepared and safety conscious people so please take advantage of this tremendous offer.
